

Promotional Products

Zimpli Kids can offer a range of promotional products **from just £0.13p**, whether it is a joint venture, own label or co branded - we can work together to create a bespoke product for you.

Our two main toy ranges; Gelli Baff and Slime Baff, are 100% safe **biodegradable** powders that transform water into goo or slime! They are ideal for sampling, cover mounts and promotional products.

We manufacture 95% of our products in our company owned ISO 9001 & ISO 14001 UK factory which mean we can create bespoke products in as little as two weeks.
